

Welcome to PRIDE at Siemens Healthineers

We are a global employee network supporting the cultural change in Siemens Healthineers toward being inclusive of all gender identities and sexual orientations.

Together we can promote our brand as an employer globally, by creating an environment of mutual respect and tolerance that enables LGBTQ+ employees and their allies to fulfill their potential and drive business success.

We do Network, learn, and celebrate our fabulousness... in whatever form it expresses itself!

Everyone is welcome, especially Allies.
