

[illegible][illegible][illegible]

Technical drawing of a road layout showing a roundabout and a private access point. The drawing includes a plan view of the roundabout with a central island and a side view of the road profile. Key features include a 'Pavimentazione esistente' (existing pavement) area, a 'Pavimentazione nuova' (new pavement) area, and a 'Pavimentazione in bitume' (bituminous pavement) area. The drawing also shows a 'Pavimentazione in cemento' (concrete pavement) area. The drawing is labeled 'Pavimentazione esistente' and 'Pavimentazione nuova'.

[illegible]

Technical drawing of a road cross-section showing a road, a drainage ditch, and a building. The drawing includes a table of dimensions and a scale bar.

Table of Dimensions:

Distance Progressive	Distance from Road	Distance from Building
0	0	0
2.57	2.57	2.57
3.1	3.1	3.1
3.83	3.83	3.83
6.34	6.34	6.34
10.00	10.00	10.00
12.23	12.23	12.23
15.58	15.58	15.58
17.38	17.38	17.38
18.97	18.97	18.97
21.29	21.29	21.29
23.39	23.39	23.39

Scale Bar: 0m, 5m, 10m, 15m, 20m, 25m, 30m, 35m, 40m, 45m, 50m, 55m, 60m, 65m, 70m, 75m, 80m, 85m, 90m, 95m, 100m.

Labels: Impresario privado, Roads, 50, 60, 80, 100, 120, 140, 160, 180, 200, 220, 240, 260, 280, 300, 320, 340, 360, 380, 400, 420, 440, 460, 480, 500, 520, 540, 560, 580, 600, 620, 640, 660, 680, 700, 720, 740, 760, 780, 800, 820, 840, 860, 880, 900, 920, 940, 960, 980, 1000.

Technical drawing of a road layout showing a horizontal curve. The drawing includes a plan view at the top and a side elevation view below. The plan view shows a road with a horizontal curve of 60 degrees, a radius of 100m, and a distance of 127.1m. The side elevation view shows the road profile with a vertical curve of 60 degrees, a radius of 100m, and a distance of 127.1m. The drawing is labeled with 'Rovce' and 'Rovce'.

The diagram illustrates a cross-section of a road construction project. It features a vertical axis on the left representing elevation in meters, ranging from 1274.15 to 1285.67. A horizontal axis at the top represents distance in meters, with markers for 0, 2.74, 13.65, 22.62, and 25.28. The diagram is divided into two main sections: 'DISTANCE PROGRESSIVE' and 'DISTANCE PARALL'. The 'DISTANCE PROGRESSIVE' section shows a road profile with a 60m slope and a 100m horizontal distance. The 'DISTANCE PARALL' section shows a road profile with a 100m horizontal distance and a 100m vertical distance. Key features include a 'Deposit/Box' on the right, a 'Camber' on the road surface, and a 'U/I possible' (Underpass possible) label. The diagram includes various labels for road features, such as 'ROAD PROFILE', 'ROAD WIDTH', 'ROAD GRADE', and 'ROAD SURFACE'. The diagram is a technical drawing with precise lines and labels.
